

Saint Joseph's Medical Practice, PC

SJMPPC

____/____/____

Dear Patient,

To retrieve Rx History from **External source**, we need your consent for release of information. Retrieving your Rx History from External source means our EMR system will pull your Rx History from your insurance's past history (only the last 12 months); this will help your provider know your medication intake and help make an informed decision on how they should precede with your care.

*Please note this is only for the use of St. Joseph's Medical Practice, P.C. and no other medical facility you may frequent.

Do you have patient's consent?

☐ Yes

☐ No
